

The **Fast Track** to Bitcoin Cash Flow:

How to earn BTC 2.74 in 42 days
following this step by step system!

Disclaimer:

The following presentation shows an example outline to point out the power of the Fast Track System while the price for our Traffic Package Option 1 is 0.00025 Bitcoin.

We assume an average share value of 50 Satoshi in this example.

The actual share value will vary.

A lower average share value will slow down the process a tiny bit while a higher average share value will speed it up a tiny bit.

Also, this example assumes that you and everybody in your downline team will follow the exact same procedure as outlined in the following presentation and that all purchases are made with either Bitcoin or earnings as PayZa does delay the availability of earnings by 28 days.

If the average person takes longer to refer 4 new members, the process will slow down. If they are faster, the process will speed up.

Any values mentioned are based on the outline in this example presentation.

Hi, my name is Frank Bauer,
co-founder of Infinity Traffic Boost
and I want to help YOU
build up your Bitcoin Cash Flow
starting right now!!

Like all good things...
this System is Simple
but it DOES take some effort
and duplication.

Teamwork and duplication are
what makes this possible.

Let's Get Started!

We have created an easy to follow system to help you get rolling to build your Bitcoin Portfolio with just BTC 0.00025 Out of Pocket and just 3 minutes of your time each day!

And if you prefer a slower “Nothing Out of Pocket” system, I recommend to check out our Free Way video!

Let me ask you a question...

If I could show you a way to spend 3 minutes a day online,
follow a few simple instructions
and, within 42 days, you would earn 2.74 Bitcoin...

Would you be interested in learning more?

When you see the math and the logic
of 3 minutes a day and a logical game plan...
Do you know 4 or more people who would:

- 1) Begin with a purchase of BTC 0.00025
and 3 minutes a day,
- 2) Follow instructions and
- 3) Duplicate?

If your answers are YES, then,
wow, we can help you!

Here is all you have to do:

1) Purchase TPO 1 and surf 10 pages a day,
here at Infinity Traffic Boost

2) Refer 4 or more friends to do the same (the faster you get your friends surfing and earning the faster you'll be able to advance and earn over 2 full Bitcoin or more)

We recommend to refer 1 member every 2nd day for 8 days.

3) Use your Surfers Rewards Pool Shares earnings and commissions to purchase the Traffic Package Options 2 - 11 as soon as you earned the funds.

STOP!

Don't Panic! LOL

Yes, we are talking about making a few referrals,
but, wow, we are talking about only
0.00025 Bitcoin to get started.

You can CHANGE YOUR LIFE with this very small purchase
and you can help others do the same.

You aren't selling, you are helping!
Let's make it happen together!

Tip: To make it easier for yourself, we recommend that you don't change the default setting

"Getting Paid Option:

Use earnings to purchase TPO's your way up"
in the "Affiliates / Earnings" section.

Check out the Full Explanation,
then start surfing and
tell your friends ASAP!

Think about it,
spend 3 minutes a day surfing and,
with duplication as noted above,
you can earn 2.74 Bitcoin in 42 days!

Wow!

Here's how it can work for you if you simply...

a) Purchase TPO 1,

b) Surf 10 pages a day and

c) Refer one new member that follows the same system every 2nd day for 8 days

Your Referrals must refer 4 people who can follow instructions like you and they will do the same.

It's SIMPLE and anyone can do it and that means that the entire WORLD is your audience.

Please keep in mind that when our Bitcoin pricing changes, the Bitcoin values and times mentioned in this video will change, but the system will remain the same.

Congratulations... You did it and earned yourself BTC 2.74 with only BTC 0.00025 out of pocket expense!

The earnings will quite probably continue after 42 days on the Fast Track System because of the Reverse 1Up Compensation Plan... but of course... you can always refer more people to increase your earnings and the traffic you receive even more.

What if you refer 8 instead of 4?

Or 12???

Or 16???

You can stop referring more members
when you believe it's enough
or you stop after 4 that follow the same
system as shown in this example.

And you refer them at your own speed...

1 member every 2nd day for 8 days is simply the way we recommend to do it.

We know... this is a LOT of information!

But we want you to know that the MATH is solid and if YOU do the work (purchase TPO 1, surf and refer 4 or more friends that do the same) then this SYSTEM works!

Before we close...

Here are some of the questions that our members have posted in our friendly Facebook Group. The answers to these questions may help you fully understand our system and how you and your team can get started right away!

Can I earn 2.74 Bitcoin by only surfing?

No, the bulk of the earnings come from commissions on referral sales as noted in this outline.

Do I have to buy anything?

Yes, as this outline shows, you need to purchase the Traffic Package Option 1 for 0.00025 Bitcoin.

**What happens if it takes me longer
to refer four people that duplicate?
Will I still earn 2.74 Bitcoin?**

As long as your referrals refer four who follow the system and those people refer four and duplicate and so on you would remain on track to earn 2.74 Bitcoin, but it may take a while longer.

**How is it possible to earn
2.74 Bitcoin with just 4 personally
referred members, even if I earn
80% commissions?**

Great question! InfinityTrafficBoost's Reverse
1Up Compensation Plan provides you with the
massive leverage needed to make this possible.

You pass up your 2nd sale to your referrer

Referrer

You

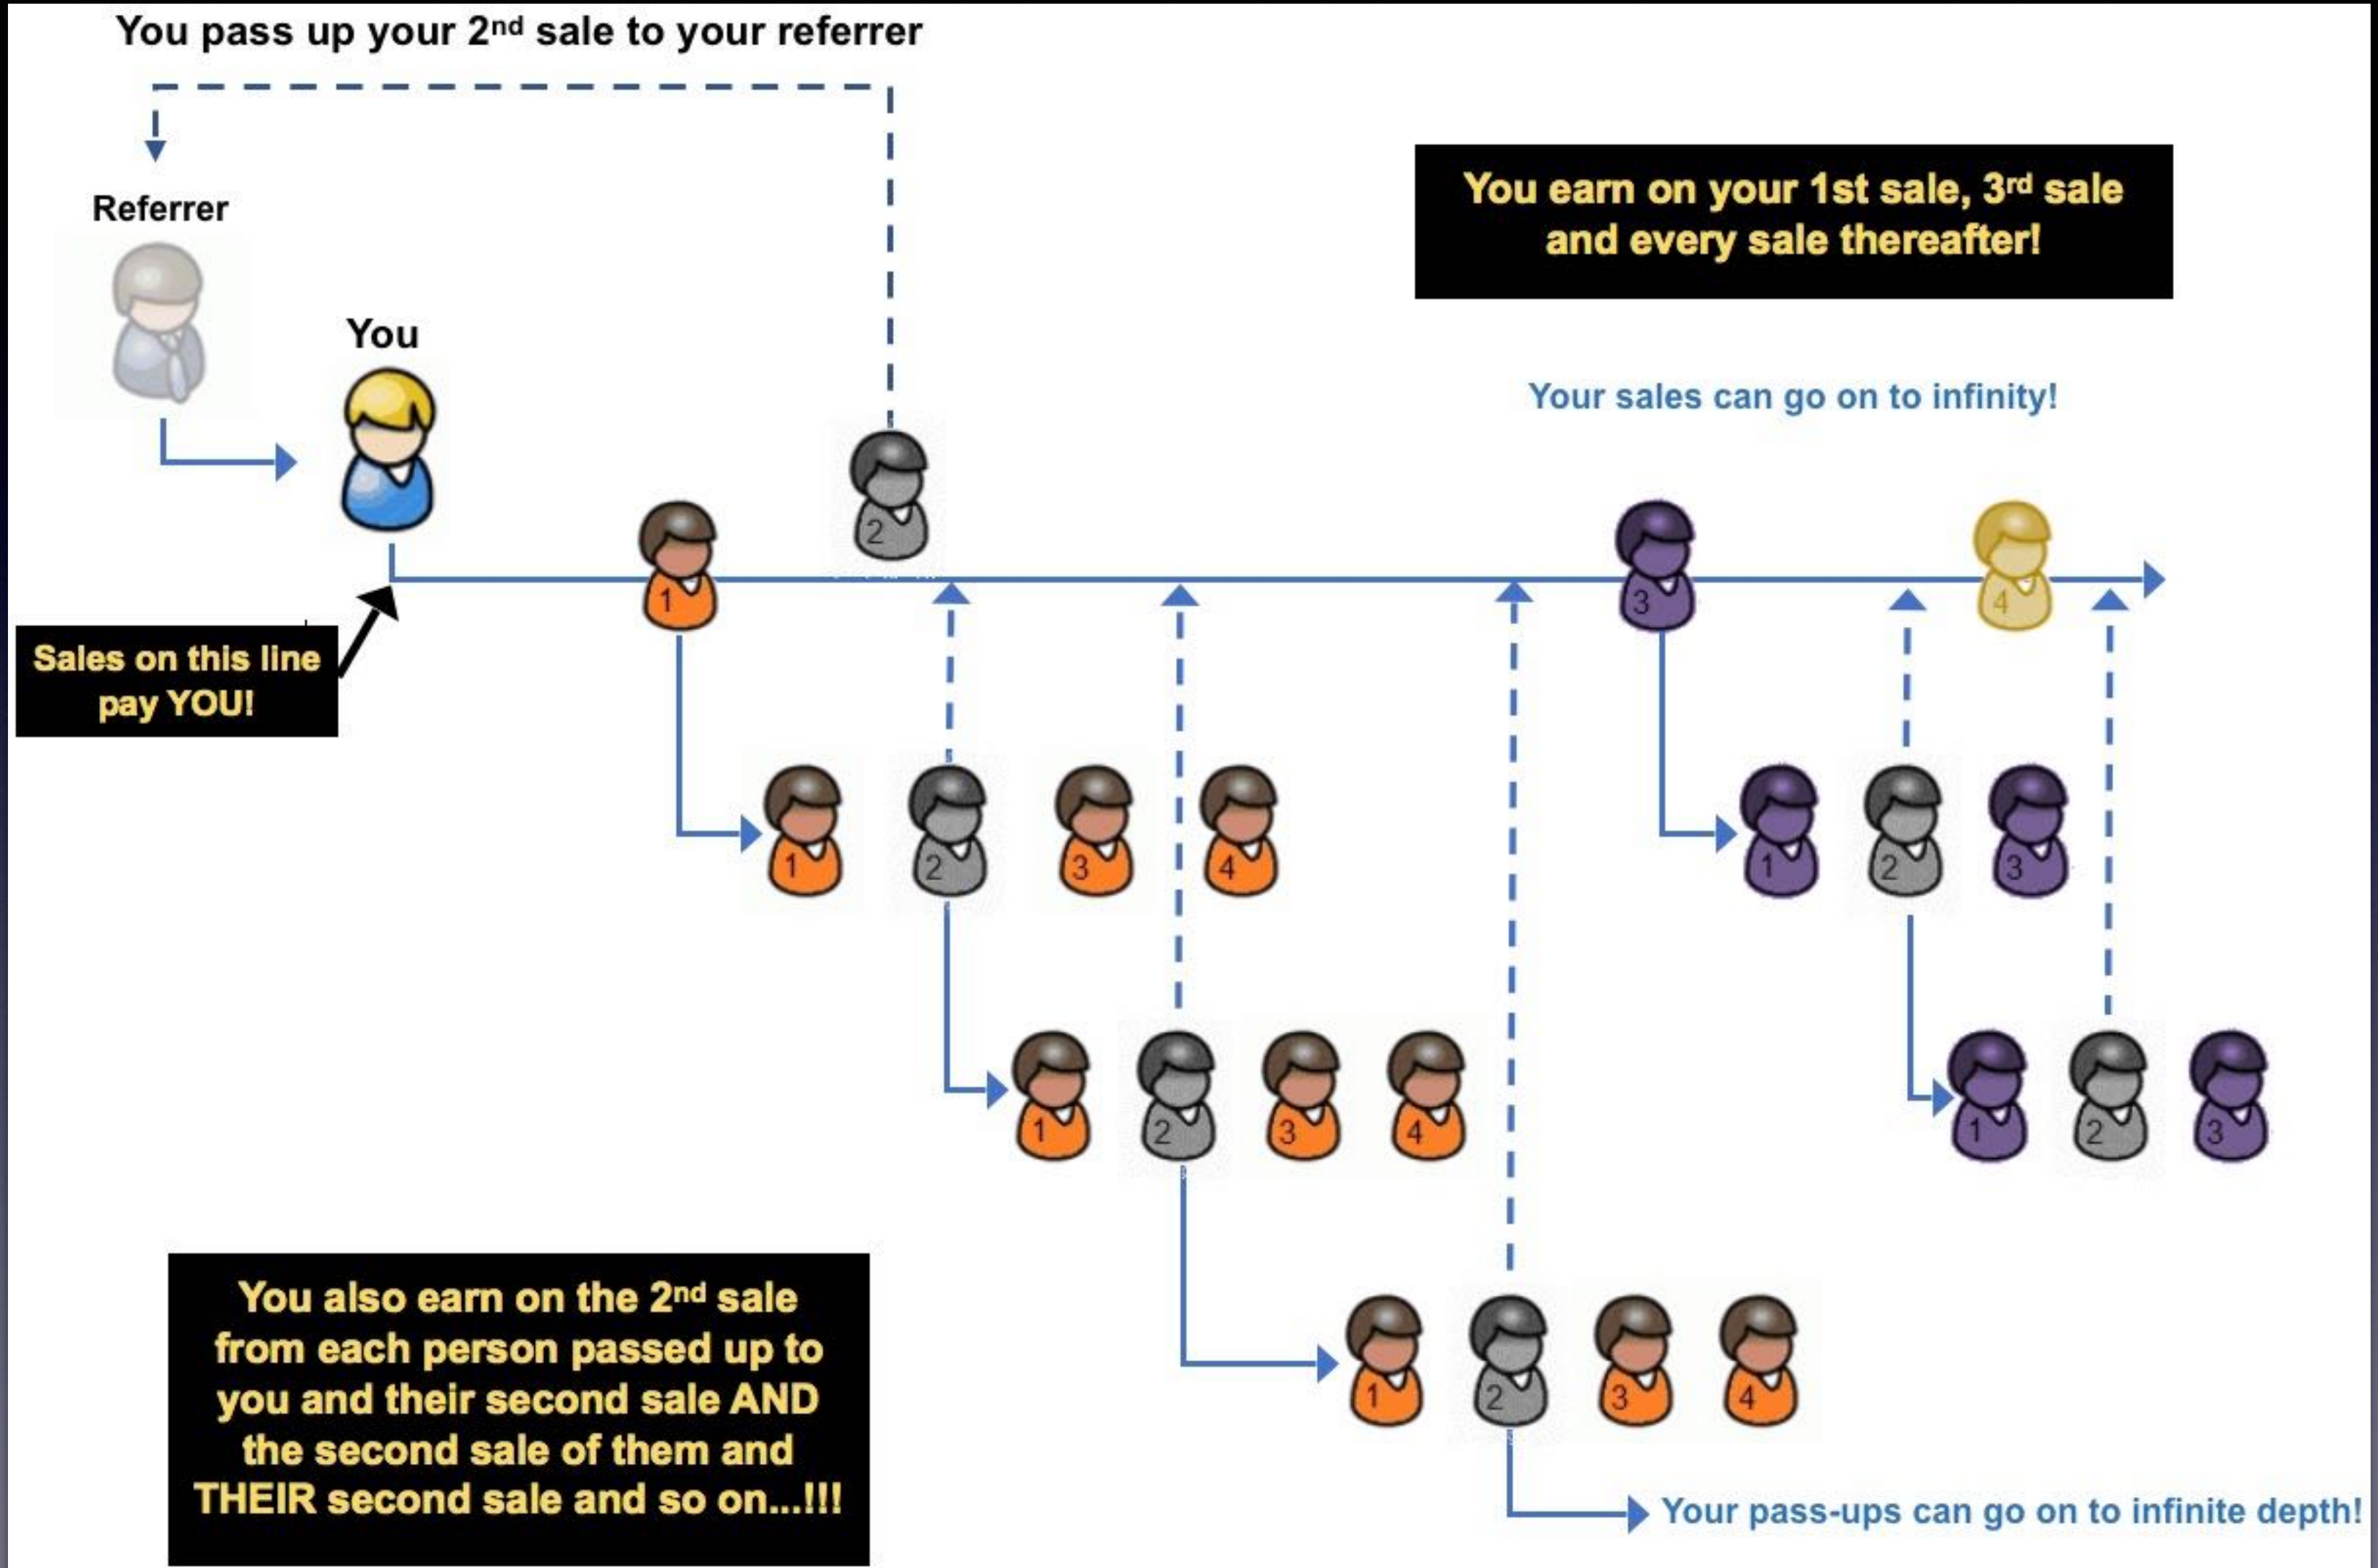

You earn on your 1st sale, 3rd sale and every sale thereafter!

Your sales can go on to infinity!

Sales on this line pay YOU!

You also earn on the 2nd sale from each person passed up to you and their second sale AND the second sale of them and THEIR second sale and so on...!!!

Your pass-ups can go on to infinite depth!

**What if I keep referring people
and they don't surf or duplicate
(i.e. they don't refer others)?**

That's okay, you know YOU are dedicated to
success and not everyone else is.

Just keep referring and helping until you
found 4 that duplicate!

I have been surfing every day and have not earned my 2.74 Bitcoin. Why Not?

As we mentioned before, the BULK of the 2.74 Bitcoin comes in the form of referral commissions on purchases made by your referrals and your team.

Your surfing is mainly needed to keep you Surf Boost Activated.

This sounds REALLY exciting, but I don't even have 0.00025 Bitcoin to get started with. Is there a way I can get started with no Bitcoin?

Yes! Check out our Free Way System once you logged into your free account.

So, here are again your tasks,
they are very simple...

- 1) Click on the green "Buy Advertising Credits" button to purchase TPO 1, and;
- 2) Click on the green "Surf Pages" button to start surfing your 10 pages, and;
- 3) Click on "Affiliates / Referral Tools", then on "Email Copy", select an email ad copy to send to your 10 Best Friends who would like to earn 2.74 Bitcoin in 42 days working just 3 minutes a day!
- 4) Keep surfing daily and keep referring more members until you have 4 or more that follow this simple system

And that's all there is to it!

Together we can change the world, help millions of people to earn online while providing an incredible advertising value proposition.

Come join us, share our vision and get started today.

The Math Works, Do You?
