

# The Free Way to Bitcoin Cash Flow:

How to earn BTC 2.74 in 73 days following this step by step system!

## **Disclaimer:**

The following presentation shows an example outline to point out the power of the Free Way System while the price for our Traffic Package Option 1 is 0.00025 Bitcoin and you will not spend any money out of pocket!

We assume an average share value of 50 Satoshi in this example.

The actual share value will vary.

A lower average share value will slow down the process while a higher average share value will speed it up.

Also, this example assumes that you and everybody in your downline team will follow the exact same procedure as outlined in the following presentation and that all purchases are made with earnings.

If the average person takes longer to refer 4 new members, the process will slow down. If they are faster, the process will speed up.

Any values mentioned are based on the outline in this example presentation.

Hi, my name is Frank Bauer,  
co-founder of Infinity Traffic Boost  
and I want to help YOU  
build up your Bitcoin Cash Flow  
starting right now!!

Like all good things...  
this System is Simple  
but it DOES take some effort  
and duplication.

Teamwork and duplication are  
what makes this possible.

Let's Get Started!

We have created an easy to follow system to help you get rolling to build your Bitcoin Portfolio with Zero Out of Pocket and just 30 minutes of your time each day!

And if you prefer a 3 minutes a day system, I recommend to check out our Fast Track video!

Let me ask you a question...

If I could show you a way to spend 30 minutes a day online,  
follow a few simple instructions  
and, within 73 days, you would earn 2.74 Bitcoin...

Would you be interested in learning more?

When you see the math and the logic  
of 30 minutes a day and a logical game plan...  
Do you know 4 or more people who would:

- 1) Invest 30 minutes a day,
- 2) Follow instructions and
- 3) Duplicate?

If your answers are YES, then,  
wow, we can help you!

Here is all you have to do:

- 1) Surf 100 pages a day, here at Infinity Traffic Boost
- 2) Refer 4 or more friends to do the same (the faster you get your friends surfing and earning the faster you'll be able to advance and earn over 2 full Bitcoin or more)

We recommend to refer 1 member every 2nd day for 8 days.

- 3) Use your Surfers Rewards Pool Shares earnings to purchase the Traffic Package Option 1 (TPO 1) as soon as you earned the funds (in 31 days, when you surf 100 pages a day).

Tip: To make it easier for yourself, we recommend that you don't change the default setting

"Getting Paid Option:

Use earnings to purchase TPO's your way up"  
in the "Affiliates / Earnings" section.

Check out the Full Explanation,  
then start surfing and  
tell your friends ASAP!

Think about it,  
spend 30 minutes a day surfing and,  
with duplication as noted above,  
you can earn 2.74 Bitcoin in 73 days!

Wow!

Here's how it can work for you if you simply...

a) Surf 100 pages a day and

b) Refer one new member that follows the same system every 2nd day for 8 days

Your Referrals must refer 4 people who can follow instructions like you and they will do the same.

It's SIMPLE and anyone can do it  
and anyone can start with ZERO out of pocket.

That means that the entire WORLD is your audience.

Just surf to earn to get started!

Please keep in mind that when our Bitcoin pricing changes, the Bitcoin values and times mentioned in this video will change, but the system will remain the same.

Congratulations... You did it and earned yourself BTC 2.74 with no out of pocket expense!

The earnings will quite probably continue after 42 days on the Fast Track System because of the Reverse 1Up Compensation Plan... but of course... you can always refer more people to increase your earnings and the traffic you receive even more.

What if you refer 8 instead of 4?

Or 12???

Or 16???

You can stop referring more members  
when you believe it's enough  
or you stop after 4 that follow the same  
system as shown in this example.

And you refer them at your own speed...

1 member every 2nd day for 8 days is simply the way we recommend to do it.

WOW! We know... this is a LOT of information!

Our kids would call it "Overshare" but we want you to know that the MATH is solid and if YOU do the work (surf and refer 4 or more friends) then this SYSTEM works!

# **Before we close...**

Here are some of the questions that our members have posted in our friendly Facebook Group. The answers to these questions may help you fully understand our system and how you and your team can get started right away!

# **Can I earn 2.74 Bitcoin by only surfing?**

No, surfing earns you and your team the funds to purchase TPO 1 with earnings.

The bulk of the 2.74 Bitcoin come from commissions on referral sales as noted in this outline.

# Do I have to buy anything?

Yes, but as this outline shows, you can surf to earn the 0.00025 Bitcoin that you need to get started and no out of pocket expense is required. The sooner you make your purchase from earnings, the sooner you can begin earning larger commissions from your referrals who purchase as well.

**What happens if it takes me longer  
to refer four people that duplicate?  
Will I still earn 2.74 Bitcoin?**

As long as your referrals refer four who follow the system and those people refer four and duplicate and so on you would remain on track to earn 2.74 Bitcoin, but it may take a while longer.

**How is it possible to earn  
2.74 Bitcoin with just 4 personally  
referred members, even if I earn  
80% commissions?**

Great question! InfinityTrafficBoost's Reverse  
1Up Compensation Plan provides you with the  
massive leverage needed to make this possible.

**What if I keep referring people  
and they don't surf or duplicate  
(i.e. they don't refer others)?**

That's okay, you know YOU are dedicated to  
success and not everyone else is.

Just keep referring and helping until you  
found 4 that duplicate!

# **I have been surfing every day and have not earned my 2.74 Bitcoin. Why Not?**

As we mentioned before, the BULK of the 2.74 Bitcoin comes in the form of referral commissions on purchases made by your referrals and your team. Your surfing is mainly needed to earn the funds for your initial TPO 1 purchase as well as to keep you Surf Boost Activated.

**This sounds REALLY exciting, but I don't have the time to surf 100 pages each day. Is there a way I can get started with less work?**
